

AVAILABLE NOW: Broadband RF Power Amplifier

**Rack-mount design
150 Watts of Power
5-125 MHz
Quiet
Linear Power Supply**

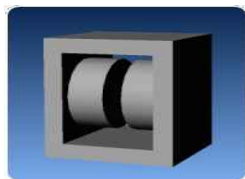

SpinCore Technologies, Inc. is proud to present the PA100W Broadband Power Amplifier for NMR and MRI applications. Featuring the latest in CMOS RF Power Technology, this power amplifier delivers 150 Watts of peak envelope power, fast on-off, and quiet linear power supply.

Ideal companion to SpinCore Technologies' iSpin-NMR portable NMR console when greater RF power is needed.

Also available from SpinCore Technologies, Inc.:

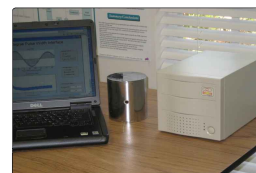

PulseBlasterDDS

Magnets

RadioProcessor

iSpin-NMR
